citizens of the United States and of the State wherever they reside.

With this plain mandate before him it will be difficult for the President or law, but to Joseph C. Abbott, late of law, is nothing more nor less than just and the prostrate form than the procedure of the prostrate form than the monster heads a lash at them, and law is nothing more nor less than just and the prostrate form than the says: A large meeting of farmers was held in the Grove here to-day for the legal sense, "a war."

But suppose there was a war, has the President any right to institute military commissions? The Constitution of the United States says: Section 1, Article IV. The judicial

power of the United States shall be

Every trial involves the exercise of

udicial power, and from what source did the military commission that tried him (Milligan) derive their authority? Certainly no part of the judicial power of the country was conferred on them Constitution expressly vests it "in one Supreme Court and party behind him he succeeded at first uch inferior courts as Congress may rom time to time ordain and estab States Senate and subsequently forced | can be had as a source of jur sdiction" " and it is not pretended that the ommission was a Court ordained and tablished by Congress. They caniot justify on the mandate of the President, because he is controlled by aw and has his appropriate sphere i duty, which is to execute, witten criminal code to which resort n be had as a source of jurisdiction.

If, in foreign invasion or civil war. tice according to law, then, on the eatre of active military opera-ons where war really prevails, there had something to do to preserve the safety of the army and the military, it is allowed to govern by even to the smallest modicum of intelmartial rule until the laws can have their nartial rule until the laws can nave their rece course. As necessity ereates the ment of last summer's campaign which the Modoc difficulties will not, perhaps by visitors, and the flutter of a pettirule, so it limits its duration; for if deserves reproach. It would be wonderful if he did, when that management is continued after the deful if he did, when that management was no doubt as profitable to him as it was to Pool. We have wasted ness and distinctness by Mr. Justice

directed his determination to use compulsion, after which conflicts and murders, fighting and battles ensued: later data a prisoner of war, when he lived in Indiana for the past twenty

Section I, Article 18, Article 18, I are punchas power of the United States shall be vested in one Supreme Court and in such inferior Courts as the Congress may from time ordain and establish. The Judges, both of the Supreme and inferior Courts, shall hold their offices during good behavior.

It must be plain to the dullest under standing that the appoinment, by the President, of a military commission, vested with power over the lives of the President, of a military commission, vested with power over the lives.

Section I, Article 18, Artic It is the plain to the daillest under the support of the support o of nature—the brotherhood of race—the affection due to natal soil and to one's own neighbors and kindred, is the all-sufficient qualification for every without due process of law."

When a man is loval after this sort he when a man is loval after this sort he content of the United States when the affection due to natal soil and to Jury, and that no person shall "be deprived of life, liberty or property without due process of law."

But the opinion of the Supreme Wilmington Post—have defended him. Court of the United States when the language of the Supreme Wilmington Post—have defended him. Court of the United States when the language of the Supreme Wilmington Post—have defended him. Court of the Supreme Courting before him, in order to be able to practice with any degree of success.

is a full graduate in human depravity this point, as laid down in from Maine to California, the unanigenerally. Hence the Southern "Loyalists" so-called, have become at last
very wearisome to the Northern
brethren by reason of their rescalities:

| Description of the press has been with us and our friends, the laboring men. We notice in this connection, that his defenders are, as might be expected men of his own kind.

out a breach of the Constitution. A to bushwhacker, a jayhawker, a bandit, a war rebel and assassin, being public enemies, may be tried, condemned and executed as offenders against the alarming crop of grass, with which the farmer can do nothing during the rains. Altogether, the crop prospect is not SENTENCE COMMUTED TO IM-PRISONMENT FOR LIFE. Notwithstanding the backward Spring,

the crop prospects are good. The area in cotton is from ten to twenty per cent. greater in the Delta than last [SPECIAL TO THE JOURNNAL,] per cent, greater in the Delta than last year, and as a general thing good stands are reported. The working of the crop has commenced in earnest, and, with an average season, we may anticipate a large yield.

Monticello Advocata.

RALEIGH, N. C., June 6.—Griffice who colored men such amenable to the military. Our burglary, have had their sentence commuted to imprisonment for life by Gov. Caldwell.

Father McNamara, of the Roman Catholic Church. was with them this circumstances therein who was a general thing good and Simpson, the two colored men such amenable to the military. Our burglary, have part of the law of the land.
